

FARGO® DTC1250e Photo ID System

An incredibly simple all-inclusive system for creating ID cards.

The FARGO® DTC1250e Photo ID System is an effortless way for you to produce great looking photo ID cards. It is a complete, easy-to-use solution that includes a single-sided DTC1250e printer/encoder, fully featured Asure ID® Solo photo ID software with two-year protect plan coverage, a USB digital camera, starter supplies and a three-year* printer warranty.

Simple and affordable with high-quality output.

The DTC1250e Photo ID System produces high quality, durable and great-looking ID cards at an affordable price - without the complexity of more advanced card identity systems. Set-up takes just a few minutes with the included ID software and the printing procedure is extremely easy to learn. The DTC1250e printer/encoder is also exceptionally reliable with virtually no maintenance required, allowing you to produce card after card with the minimum amount of fuss.

Versatile, hassle-free card printing.

The DTC1250e prints on several different types of ID cards, including the thin, flexible cards used for health care and transit systems; smart cards with embedded electronics; and rewritable cards that help eliminate the waste of single-use visitor badges. Choose from an easy-loading, all-in-one color ribbon cartridge (EZ), or a more economical and eco-friendly refill ribbon (ECO). Only FARGO direct-to-card printers provide this level of flexibility, enabling users to make the best choice for their program needs.

- FARGO® DTC1250e printer/encoder.
- Asure ID® Solo card design and production software with two-year protect plan coverage.
- USB digital web camera.
- Full-color ribbon cartridge.
- One pack of three card-cleaning rollers.
- 100 UltraCard® PVC cards.
- USB cable.

Multiple design options.

Asure ID Solo photo ID software supports template design, printing and record management. Also included is plug-and-play Swift ID®, an embedded badging application for basic or mobile card solutions.

Great results from the moment you open the box.

Creating photo IDs that are durable, secure and visually appealing is easy with the DTC1250e Photo ID System. The best choice for a simple, money-saving, all-in-one solution.

The FARGO® DTC1250e Photo ID System includes everything you see here.

- 1 FARGO® DTC1250e Printer/Encoder.** Single-sided, edge-to-edge card printing. Full-color, continuous-tone printing at 300 dpi (11.8 dots/mm). Capable of rewritable card printing (monochrome only) on HID® rewritable card stock. Plug-and-play Swift ID® embedded badging application software available for quick and basic ID card creation.
- 2 Asure ID® Solo card design and production software.** Powerful yet easy-to-use photo ID card software with advanced card design and batch printing capabilities. The DTC1250e also comes with FARGO Workbench™, a software toolkit for printer set-up, diagnostics and firmware upgrades.
- 3 USB digital web camera.** Minimum two megapixel camera makes capturing cardholder photos quick and easy.
- 4 Full-color ribbon.** Print 250 card images (YMCKO with integrated cleaning roller).
- 5 One pack of three card-cleaning rollers.** Print perfectly clean ID cards at any time.
- 6 100 UltraCard® PVC cards.** Design and produce ID cards right away.
- 7 USB cable.** Connect the DTC1250e printer/encoder to your computer.

The DTC1250e Photo ID System also includes:

- Three-year* printer warranty.
- Two-year free Asure ID software technical support.
- FARGO Workbench diagnostic utility to facilitate printer maintenance. Its Color Assist™ tool matches spot colors, ensuring accurate prints of graphics, such as company logos.

*Three-year warranty available with completion of online printer registration. (Two-year warranty standard without online printer registration.)
